<u>**Oracle Disclaimer**</u>

Licensor is providing the Software to you under the [MIT license](#), free of charge. In consideration for your access or use of the software and associated documentation files (the "***Software***"), you agree as follows:

Assumption of Risk

Transactions rely on smart contracts stored on various blockchains, cryptographic tokens generated by the smart contracts, and other nascent software, applications and systems that interact with blockchain-based networks. These technologies are experimental, speculative, inherently risky, and subject to change. Among other risks, bugs, malfunctions, cyberattacks, or changes to the applicable blockchain could disrupt these technologies and even result in a total loss of cryptocurrency or other digital assets, or their market values. You are solely responsible for the safekeeping of all private keys. Licensor assumes no liability or responsibility for any such risks.

Licensor is not responsible for the content or services of any third-party, including, without limitation, any network or apps, and Licensor makes no representations regarding the content or accuracy of any third-party services or materials. The use and access of any third-party products or services, including content provided by third parties, blockchain networks and protocols, is at your own risk.

You are solely responsible for all blockchain transaction fees, e.g. gas.

If you are not comfortable assuming all the foregoing risks, you should not access or use the Software, or access or engage in transactions using blockchain-based technology.

THIS LIMITATION OF LIABILITY IS INTENDED TO APPLY WITHOUT REGARD TO WHETHER OTHER PROVISIONS OF THIS LICENSE AGREEMENT HAS BEEN BREACHED OR HAS PROVEN INEFFECTIVE. THE LIMITATIONS SET FORTH IN THIS SECTION SHALL APPLY REGARDLESS OF THE FORM OF ACTION, WHETHER THE ASSERTED LIABILITY OR DAMAGES ARE BASED ON CONTRACT, INDEMNIFICATION, TORT, STRICT LIABILITY, STATUTE, OR ANY OTHER LEGAL OR EQUITABLE THEORY, AND WHETHER OR NOT THE LICENSOR INDEMNIFIED PARTIES HAVE BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGE.
